

WILSON SIGNS TARIFF BILL AT 9 O'CLOCK

et Marks First Democratic
Revision Since the Year
1894

CURRENCY REFORM SOON

ives Special Reason for Sign-
ing Bill After Clock
Strikes

WASHINGTON, Oct. 3.—Surrounded by the leaders of a united Democracy, President Wilson signed the Underwood-Simmons tariff bill at 9 o'clock tonight at the White House. Simultaneously were sent to customs collectors throughout the country by a treasury department order putting into actual operation the first comprehensive revision since 1894. A happy group of legislators, members of the cabinet and friends encircled the president as he smilingly sat and slowly affixed his signature. A two gold pens. He presented to Representative Underwood the pen he had written the word "Woodrow" in the one which had completed his signature to Senator Simmons, both of whom bowed their appreciation. A momentary silence followed the president's speech that brought forth applause. It is the journey of legislation, completed, that a great piece of work has been done for the rank and file of the country. But that the second step in the revision of business was the currency reform. He earnestly called for his colleagues to go "the rest of the journey" with fresh impulses.

Have Many Great Beliefs.

gentlemen, I feel particularly pleased to sign this bill. In what I am doing by way of taking part in the revision of a great piece of work, it is a pleasure which is very real to me in words which are quite beyond the feeling that I have that we have done the rank and file of the people of this country a great service. It is hard to speak of things without seeming to go into campaign eloquence, but that of my feeling it is one very profound—a feeling of profound gratitude working with the splendid men who have carried this thing through. I am serving the people of this country and I have been striving to serve them ever since I can remember. I have had the accomplishment of a boy, and I know men stand around me who can say the same—who have been waiting to see things done which it was never to do in order that there might be justice in the United States.

Only Half Through.

and so it is a solemn moment brings such a business to a conclusion, and I hope I will not be right to be demanding too much of myself or of my colleagues when I say that this, great as it is, is the fulfillment of only half the journey. We have set the business of this country free from those conditions I have made monopoly not only in a sense, easy and not. But there is no one taking away conditions of monopoly if we do take away also the power to create monopoly, and that is a financial. (Continued on Page Two.)

STRIKERS THROW BOMBS IN CAMP

25 NARROWLY ESCAPE
WITH THEIR LIVES

500 Shots Follow Bombs Into
Mining Company Stockade
at Lafayette

State Historical Society. Six dynamite bombs were thrown into the stockade surrounding the mining company's property near Lafayette at 11 o'clock tonight. The bombs struck the rear of a company boarding house, demolishing it. Twenty-five men were asleep in the house at the time, but all escaped without injury. The force of the explosion being confined to the rear of the house, some distance from the sleeping quarters. Immediately following, 500 shots were fired from rifles into the company camp, but with no effect.

The report of the "bloodless battle" was immediately sent here to Sheriff Buxton, who, with an automobile load of deputies forthwith left for the scene of the trouble. It was said in the report that the bombs were thrown by miners who struck in sympathy with their fellows of the southern Colorado coal fields 10 days ago.

The bombs were hurled into the stockade from the rear, each following the other in such quick succession that the explosions seemed as one. Three hundred miners and their families were occupying the houses within the stockade and the detonations of the explosions aroused them all to a frenzy of fear.

Run for Shelter.

Without awaiting to dress they ran to another side of the stockade into the general boarding house upon which the rifle fire was immediately concentrated.

Under Sheriff Cress, with Deputies Smith and Ruch, heard the sound of the explosion and arrived within the stockade before the fire, which was directed in three directions, had ceased. They organized the mine guards and the men within the stockade and rushed the attacking party in the dark. Two volleys of shots were fired by the mine guards, but so far as could be judged tonight none of the shots did any damage.

There are about 1,000 striking miners in Lafayette, and tonight Sheriff Buxton was busy questioning them to learn, if possible, what they had to say about the attack on the company camp.

Under Sheriff Cress' statement that it was undoubtedly strikers who perpetrated the explosion and fired into the camp, Sheriff Buxton declared that he would not leave the neighborhood of the Mitchell mine until he had determined who was responsible for the alleged attack.

Mayor Issues Statement.

Concerning the affair, Mayor S. R. Wood of Lafayette issued the following statement:

"I was aroused by the sound of the explosion and immediately hurried to the Mitchell company property. I did not arrive there before the shooting was done, but I saw that the flames from all the guns were directed into the air. I am positive that all the shooting, all the dynamiting and all the excitement was wholly within the company's own enclosure, though for what purpose I cannot imagine. To my knowledge, the only strikers in proximity to the enclosure was a man (Continued on Page Two.)

Who attacked the stockade? It is the question being asked by the community.

COMMERCIAL JUDGES RETAIN POSITIONS

Present Occupants to Continue as Additional Circuit Judges

WASHINGTON, Oct. 3.—A fight to save the positions of the four remaining judges of the United States commercial court who would be legislated out of office by the invalid deficiency appropriation bill as it passed the house, held the senate in a continuous session which began shortly after noon today and ran until near midnight tonight.

Twice the friends of the commercial court judges succeeded in carrying amendments that would keep them in office as additional circuit judges, but final action was prevented by parliamentary maneuvers by Senator Hoke Smith.

The senate upheld the action of the house in legislating the commercial court out of existence and fixing the date for its termination as December 1. But did not agree with the action of the senate appropriation committee in taking away the judges of the commercial court as United States circuit judges.

Judges Continue in Office.

After a fight in the committee of the whole, an amendment prepared by Walsh (Democrat) was adopted, providing that the present commercial court judges should continue in office as additional circuit judges, but abolishing their position whenever the present occupants resign or retire.

Dramatic measures were adopted by the senate leaders to secure a quorum, the sergeant-at-arms being instructed to arrest absent members wherever they might be found.

In the confusion many important amendments were added to the bill by affirmative votes of the senate. These included provisions for the payment of claims of Americans injured along the Mexican border, the authorization of a \$400,000 appropriation for a Red Cross building in Washington to be a memorial to northern and southern women of the Civil war and a number of other items that had not been acted to by the appropriations committee.

The senate still without a quorum finally adjourned.

TARIFF BILL RELEASES GOODS WORTH MILLIONS

NEW YORK, Oct. 3.—Twenty-three million dollars worth of imported goods will be released from bonded warehouses here tomorrow as a result of the signing of the tariff bill.

DOUBLE GUARDS AT CAMEO MINE AT GRAND JUNCTION

GRAND JUNCTION, Oct. 3.—The guards were doubled at the Cameo mine today following a report that an invasion of union organizers is pending.

SUGGEST NATIONAL GOOD ROADS DEPT

American Congress Favors a
Bureau Directed by Mem-
ber of Cabinet

DETROIT, Mich., Oct. 3.—Declaring the loss by reason of bad roads, which everywhere lessen the profits of industry, increase the cost of living and burden business enterprises amounts to millions of dollars annually, the American roads congress now in session here, late today adopted resolutions favoring the creation of a national department of public works directed by a secretary, who shall be a member of the president's cabinet.

Other resolutions adopted favor state highway commissions and state aid for the construction and maintenance of the main roads of the several states, the establishment of a national roads system and the construction by states, counties and towns of the lateral and connecting market highways, request the congress of the United States to authorize the president to appoint a commission from civil life to make a thorough report on and to recommend a system of federal aid and favor wherever practicable the use of convict labor in road construction and maintenance. The resolutions also commend the Lincoln Highway association for its efforts in seeking the establishment by popular subscription of a transcontinental highway as an enduring and useful memorial to Abraham Lincoln and praise the work of the National Old Trails association in rebuilding the Cumberland road and the Santa Fe trail.

Education and Roads Allied.

"The good roads movement is closely allied with the religious, educational and economical features of our country," declared Governor Ferris of Michigan in an address before the congress. "Good roads play an important part in our religion. With good roads we will have fewer and better churches and fewer and better ministers," he continued.

"Good roads and education go hand in hand. In New England where good roads have been built extensively in the last few years the ratio of illiteracy is small. In states where but few good roads have been built the illiteracy ratio is higher. In many localities in this state it is absolutely impossible for the children to attend school when the roads are bad, because the roads are impassable."

Thomas, the American rider congress will hold its final session and select a course of action for the year.

STEEL TRUST'S IRON ORE HOPIINGS ARE NOT LARGE

Many Important Properties in Lake Superior Region as Large as Those of Co-operation

NEW YORK, Oct. 3.—In the Mesabi mining region there are 600,000,000 tons of iron ore not controlled by companies. It is testified on behalf of the United States steel corporation today in the government's suit to dissolve the organization on the ground that it was a monopoly.

William A. Merriam, expert geologist for the trust, telling of this ore supply said 50 per cent of it is now commercially available. Merriam testified on cross-examination by federal counsel He declared that important holdings in the Mesabi range are as great as those of the steel corporation.

William J. O'Leary of Duluth, president of the Oliver Mining company, who said his company operates the corporation mines in the Lake Superior district testified he believed "the trust has no secret holdings there."

What would be the result of trying to monopolize the ore land in the Lake Superior region? The witness was asked.

It would be hard to do in the first place—almost impossible in fact, was the reply.

If done what?

"I think more exploring would be done and the development would go on faster," Mr. O'Leary said.

TEXAS FLOOD CONDITIONS ARE MATERIALLY IMPROVED

DALLAS, Tex., Oct. 3.—Conditions are materially improved tonight in the sections of southern Texas and southwest Louisiana, inundated when a number of small streams overflowed their banks as the result of heavy recent rains. With the exception of the San Antonio river in southwest Texas, all of the streams are falling. The rise in the San Antonio river is slight.

SULZER ATTORNEYS WON'T WITHDRAW, SAYS HERRICK

ALBANY, N. Y., Oct. 3.—Rumors that Governor Sulzer and his counsel were at the starting of ways were denied tonight by Dr. Cady Herrick, chief of staff. Herrick broke his silence only after a story had gone broadcast that several of the attorneys would withdraw from the case on Monday.

NEW YORK GRAND JURY TO CONSIDER THAW CASE

ALBANY, N. Y., Oct. 3.—Acting Governor Wynn today directed Attorney General Wynn to instruct a New York grand jury to consider the case of Harry K. Thaw, from the Matteawan insane hospital, and subsequent developments in the Thaw case.

JUDGE PARDONS ALL OFFENDERS

SEATTLE CASES END
WITH SURPRISE

Judge Humphries Lectures
Socialists, Then Suddenly
Remits Fines

SEATTLE, Wash., Oct. 3.—Superior Judge John E. Humphries who began the day in a belligerent mood with his docket full of contempt of court cases against Socialists and who opened the proceedings by denouncing his brother judges who he asserted, had been plotting against him, adjourned court late today after dispensing pardons and remissions to all comers. His change of attitude came after a consultation with a representative of eight other superior judges.

The most remarkable feature of the day in court was the discharge of Dr. Herman J. Titus, Kate Sadler and Mildred Price the citation of whom to answer contempt charges because of speeches they made in City Hall park July 24 led to the resolutions of defiance, whose signers have been on trial and a number of whom are in jail.

Until the middle of the afternoon Judge Humphries continued to hear the cases of the 55 signers of the "defiance," making frequent addresses to the crowd packed tight in the stuffy little court room. In the morning the penalties imposed were severe, in the afternoon mild. The court frequently warned the defendants not to be "sassy." Those who were "sassy" fared ill.

Discharges Dr. Titus.

After the middle of the afternoon the case of Dr. Titus, on the charge of violating an antitrust speaking injunction, was called. The judge delivered a long address, saying it had wrung his heart to be obliged to send so many of his old friends to jail, but declaring he must enforce the law. He had been obliged, he said, to send even his old cook, "Bob," to jail for getting "sassy."

The judge dwelt upon the great power he wielded, saying he had but to raise his hand to put his prisoners in jail and to open it to let them out. He exclaimed:

"I hold the keys. I have great power. I am higher than the governor. I can put you in jail and I can pardon you. The judge is the law. Dr. Titus, go to the latter's jail at a look's notice."

When Mildred Price came forward the judge stated him with a flourish: "Another friend of mine."

Price answered a few questions and was discharged.

Kate Sadler, a strait speaker, was brought from the county jail where she had been confined for interrupting the court proceedings yesterday. Questioned by Judge Humphries she declared she had not assailed him in her speeches, but on the contrary, had praised him as an object lesson of the need of recall of judges. To her amazement the court said he would reduce her \$100 fine to \$10.

Remits Most All Fines.

"I'll not pay it," she shouted. "Don't get sassy," said the judge, adding: "The fine is remitted anyhow."

Waving his hand to the crowd the judge said: "You saw how easy it was for me to let Kate go."

What became of the women with the two babies? The court next asked. He was told that Mrs. McNelly would be released from jail tonight. The judge then inquired about Mrs. (Continued on Page Three.)

SENATOR REED AND JOHN M'INTYRE IN FIST FIGHT

WASHINGTON, Oct. 3.—The senate judiciary committee room, where the recent lobby investigation was held, was the scene today of a personal encounter between Senator Reed of Missouri, one of the leading members of the investigating committee, and John M'Intyre, said to be a former officer in the National Typothetae, whose name figured in the correspondence of Martin M. Mulhall, the legislative agent for the National Association of Manufacturers.

There were few witnesses to the episode, but it is said Senator Reed struck M'Intyre in the face, accompanying his action with an emphatic statement as to the falsity of certain allegations contained in an affidavit which M'Intyre was supposed to have in his possession.

When questioned about the affair tonight, Senator Reed smiled, but declined to confirm or deny the story.

You don't see any scratches on me, he said.

M'Intyre left tonight for Philadelphia. He is alleged to have borne evidence of his encounter with the Missouri senator.

GOV. FERRIS WILL ORDER MORE TROOPS TO CALUMET

DETROIT, Mich., Oct. 3.—Governor Ferris announced tonight that he will instruct General Abbey in command of the state troops in the Calumet strike zone to order three additional militia companies to be prepared for service.

Governor Ferris was inclined to criticize the manner in which the local authorities are handling the case, and is enforcing the laws in the copper country. He blamed the removal of the injunction prohibiting picketing for the recent strike.

FIGHT JUST BEGUN SAYS ROOSEVELT

Progressive Party Is Great
National Body Ready for
Big Campaign

Will Be in Thick of Fray

Many Noted Leaders Chose
Colonel at Farewell Din-
ner Given Him

NEW YORK, Oct. 3.—Theodore Roosevelt bade his friends farewell tonight, the eve of his departure on a journey to the wild regions of South America at a dinner given in his honor by the Progressive National Service and the Progressive Service of the state of New York. Addressing some 2,000 men and women who gathered at the New York roof garden, the colonel made a speech in which he apparently sought to put a quietus on published reports that he intends to return to the Republican party.

I warn our opponents that the fight has only begun," he said, his voice breaking in his earnestness. "I will never abandon the principles to which we Progressives have pledged ourselves."

Waving handkerchiefs and napkins, the diners jumped to their feet and cheered for half a minute. Toward the close of the address of Gifford Pinchot, the toastmaster, there were cries of "We want Teddy!"

"We Want Him as President."

Raymond Robins, head of the Progressive National Service, lived across the guest table.

"Yes, we want him—we want him as president," he shouted. Then the "A-l-l-l-l" was heard.

Eighty-two radicals, men and women, including former United States Senator Albert J. Beveridge, Senators Joseph B.ristow and Miles Fordister, Gifford Pinchot, Miss Susan A. Heller, Mrs. Charles D. D. and Mrs. Mary Wickham, of New York, were among the guests.

Colonel Roosevelt told the Progressives that upon his return his best endeavors would be extended toward the rebuilding of the party. The party is solid, he declared and he added that it was the firm determination of the rank and file as well as the leaders to preserve its political entity, its solidarity and integrity. Speaking of the work he had mapped out for himself on his return, Colonel Roosevelt said: "We shall enter undaunted as a national party on another national campaign."

The colonel said he never would rest content until every single principle enunciated by the Progressive party is put into practical operation by the nation.

Colonel Roosevelt began his speech by saying that he wanted to take this means of saying a word to all men and women of the Progressive party. All his life, he said, he had been engaged in work that had culminated in the last 18 months, and of all his political life it was the last 18 months in which he looked back with most satisfaction. This was his compliment to the men and women who have worked with him in the organization and first campaign of the party, which he termed a movement for "social and industrial justice to be achieved in a spirit of brotherly good will and of the broadest social consciousness."

"I believe that all of us who have (Continued on Page Two.)

20 ARTILLERYMEN CLASH WITH STRIKING MINERS

Men Bought Vengeance as Result of
Accidental Injuring of Little
Girl by Trooper

CALUMET, Mich., Oct. 3.—Twenty artillerymen under Lieutenant Ashley clashed tonight at the Wolverine mine with several hundred strikers who it is said sought vengeance as the result of the accidental injuring of the 8-year old daughter of a miner by one of the troopers.

Three mounted men met the advance of the strikers and quickly gained the upper hand, the strikers offering little fight. Twenty-five were taken into custody.

While one of the artillerymen was riding through Wolverine early this evening the wife of a striker was shot out of her home and threw off her him. He gave chase and the woman's little daughter who ran directly in front of the horse, was knocked down and injured.

This aroused the woman's husband and other strikers who started for the military camp with the apparent intention of attacking the soldiers. The troops arrested the riders and dispersed the others.

Mrs. Anna Lockwood of Kalamazoo, a socialist speaker sent out by the state headquarters of the party was indicted for a riot at the Wolverine mine this morning.

As the result of picking at the late Rovala mine this morning when four deputies were beaten eight strikers have been arrested.

The Wednesday evening prayer meeting at 7:45 o'clock.

Good Reason for His Enthusiasm. When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.

'CASCARETS' IF CONSTIPATED, SICK, HEADACHY, BILIOUS--DIME A BOX

Turn the rascals out--the headache, biliousness, constipation, the sick, sour stomach and foul gases. Turn them out tonight with Cascarets.

Don't put in another day of distress. Let Cascarets soothe and regulate your stomach; remove the sour, undigested and fermenting food and the misery-making gas. Take the Cascarets from your liver and carry off the

decomposed waste matter and constipation poison from the bowels. Then you feel great.

A Cascaret tonight will straighten you out by morning--a 10-cent box from any drug store will keep your head clear, stomach sweet, liver and bowels regular and make you feel bully and cheerful for months. Don't forget the children.

EXAMINATIONS FOR WORK IN PHILIPPINE ISLANDS

An examination is announced by the United States civil service commission for December 20-31, 1913, in various cities throughout the United States. The examination is to be the last before appointments are made of those who will attend the 1914 session of the summer bureau assembly at Manila. The examination is for the Philippines as preparation for their work with the bureau of education. Those passing the examination will be given appointments to begin the Philippine Islands beginning with the opening of schools next year. The service requires women for home economics and men for agriculture, manual training, high school science, mathematics, English, history, and supervision of school districts.

Booray! Blood Free of Impurities

Conel Acne, Tetter, Rash, Pimples, C. Lupules, Boils—Purified!

It is certainly remarkable how quickly a action of S. S. S. the famous blood purifier, shows itself in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or cellular activity in the skin. It is met with the antidotal effect of S. S. S. This is why skin troubles vanish so quickly and why they do not return. Under the influence of S. S. S. this fine net of blood vessels in the skin is continually selecting from the blood the nutrients required for healthy tissue, and the use of disease is just as constantly being removed, scattered and rendered harmless. It is a great mistake to rely upon cathartics to cure pimples or other facial eruptions. Not only do cathartics cause constipation but they thin the oil of its valuable and essential protection. You will be surprised and delighted at quick change if you will use S. S. S. famous blood purifier. Its action in skin is quite sensational. These facts most fully explained in a book on "Skin Troubles" sent by the Swift Specific Co. 212 Swift Bldg., Atlanta, Ga. You find S. S. S. on sale at all drug stores, a bottle today and banish all skin troubles. Then you ask for S. S. S. look out for common tricks of trade. Sell you nothing else. Don't be misled.

NEW WEIGHT ADDS TO WORK AT POSTOFFICE

Increase to 20-Pound Packages Proves Beneficial to Merchants

The mailing department at the post-office has no to find it unnecessary to add any new equipment to handle the increased business resulting from the recent parcel post order which raised the weight limit on packages from 11 to 20 pounds for local and first two zone delivery. When the new regulation went into effect it was thought that possibly as time went on business would increase and justify the addition of one or two wagons, but up to the present such has not been the case.

So far the new arrangement has proved a boon to merchants and department stores. Where formerly they could not ship packages weighing above the limit of 11 pounds in any of the zones they may now send out packages weighing as much as 20 pounds for local delivery or within the first two zones, a distance of practically 150 miles.

The present rate for parcels weighing in excess of four ounces in the first zone—that is, for local delivery—is 5 cents for the first pound and 1 cent for each additional two pounds or fraction thereof. The rate for the second zone—the territory embraced within a radius of 150 miles from any given postoffice—is 5 cents for the first pound and 1 cent for each additional pound or fraction thereof.

"While our work in handling the parcels has naturally increased some since the new regulation went into effect," remarked C. E. Thomas, superintendent of mails, "still we have been able to handle the business without any additions to our force."

We have not thought much about the Christmas rush up to date, but still we realize that this will be the first Christmas that the parcel post has been in existence and our holiday rush, always trying even under the old condition, will be doubly increased now that packages weighing as much as 20 pounds may be sent through the mails. I expect that we will have to hire an extra wagon or two at that season and am looking for the department at Washington to provide a special fund for this extra holiday expense."

V. Z. REED DROPS PLAN TO FINANCE ASBESTOS FIELD

Option on Wyoming Land Held by Local Investors Will Not Be Exercised

The Reed-Shoup interests will not finance the asbestos fields near Casper, Wyo. This is the word given out yesterday when it was learned that the option held by the local investors for six months will be allowed to lapse after November 1. No reason is given for the refusal of the capitalists to exercise the option.

In the plan, originally outlined for the change of control, Verner Z. Reed and his associates, who dominate the oil industry centered about Casper, agreed, in the event that a thorough investigation warranted it, to form a new corporation with a capitalization of \$8,000,000 which would take over the properties, title to which is vested in three corporations with a total capital of \$25,000,000 and to exchange one share of stock in the new for six in the old companies. Minimum shares are in escrow and he would have been entirely eliminated from the concerns. It was planned to enter into the manufacture of asbestos products on a large scale and to carry on an extensive marketing campaign both at home and abroad. All the needed capital was subscribed by Mr. Reed and his friends but at the last moment it was decided to drop the venture, although the syndicate had expended a large amount of money in investigating its merits.

Another syndicate is now making a study of the deposits and the possible market for the product with a view to obtaining control of the property on the same basis as the Reed-Shoup interests had proposed.

LWEST BID TO SUPPLY CITY COAL \$3.75 A TON

Bids in the coal supply for the public buildings of Colorado Springs were opened at the city council meeting yesterday. T. E. Thomas, the Thomas Coal company was the low bidder. He expressed his willingness to furnish the city coal at \$3.75 a ton. Three other dealers who would like to supply the city put a price of \$4 on their bidders. All the bidders offered mine run at \$2.50 a ton. Bids for lumber were opened and referred to Commissioner Lawton and bids for printing were referred to Commissioner Eubank.

A petition signed by persons living on Nevada avenue between Huerta and Cu haras was presented to the council, protesting against the fifth caused by the traffic of large numbers of horses in that vicinity. The petitioners mentioned stables, groceries, creameries etc., and declared that conditions were unbearable. The matter was referred to the street and health department.

The hearing on protests against the final assessments for improvement district No. 1 was continued until next Wednesday.

Before being elected bishop by the last general conference in 1912 he was president of the Pacific states. Bishop McConnell is a native of Utah, Arizona and New Mexico.

PAYS PART OF POLICE FINE; \$200 SUSPENDED

D. S. Way, Assessed \$300 at Recent Hearing, Gives Check to Police Magistrate

D. S. Way, proprietor of the El Paso Dining company, who was sentenced several days ago by Police Judge Manning to pay fines amounting to \$300 for illegal liquor selling and for illegally keeping intoxicants at his place of business, appeared at police headquarters yesterday morning and paid a part of his fine and also announced his intention to handle liquor.

Way by his attorney, announced at the time the cases were heard that appeals would be taken. He paid \$100 of his fine yesterday and the balance will be suspended pending Way's good behavior.

Travel From Springs Beats Former Mark

According to reports from the various passenger ticket offices, railroad travel from Colorado Springs to points outside the state has been heavier this year than in any year previous. In most cases, however, the tickets have been for round trips. This means that more people have found time to take vacations this year and speaks well for the prosperity of the citizens, the railroad men say.

Most of the roads have averaged an increase of 35 to 50 per cent in the September business over that of last year, and the total business for the year up to date has shown a like increase. The agents state that the travel from the south to Colorado Springs has been heavier this year than for many years, especially from Texas, Oklahoma and Louisiana.

SCHOOL BOARD REPORT TO COVER LAST FIVE YEARS

A complete statistical report of the Colorado Springs city schools for the last five years is being compiled by the board of education to be printed in book form. Copy for the work will go to the printers within the next few days and publication will follow immediately. This will be the first report of a like nature to be published since 1908 and it will be much more comprehensive than any previous book. The board will also publish soon a printed form of the course of study now in the schools of the city.

SPECIAL SERMON AT ALL SOULS CHURCH TOMORROW

The fifth sermon in the course on "The Message of Modern Philosophy" which is being preached by the Rev. Thomas H. Robnett will be delivered at All Souls church tomorrow morning. The subject will be "Bergson on Intuition." Bergson's theory of intuition is perhaps the most widely discussed today of all the brilliant philosophical theories advanced by him. The Rev. Mr. Robnett will consider in his sermon the question whether man can know God and if so how.

At 6 o'clock in the evening, Miss Josephine Roche of Denver will deliver a lecture on "The Social Evil Its Cause and Remedy" as the first number of the fall and winter course of Sunday evening lectures on "The Problems of the Day." Miss Roche is associated with the police department of Denver and was formerly engaged in rescue work in New York city.

Much of her experience while in New York will be incorporated in her talk tomorrow evening. The women of the city are extended a special invitation to attend and at the close of the lecture the meeting will be thrown open for questions.

SHORT LINE WILL RUN HOME PEOPLES SPECIAL

A Home Peoples' excursion has been arranged for tomorrow over the Short Line to Little Creek leaving the Santa Fe station at 10:35 a. m. and returning at 5:45 o'clock the same day.

SHERWOOD H. MOSS HAS STROKE OF PARALYSIS

Sherwood H. Moss, chaplain of G. A. R. post No. 22 and a member of El Paso Lodge No. 13 A. F. and A. M. has suffered a stroke of paralysis and is seriously ill at his home, 719 East Cache la Poudre street. His only sister, Mrs. W. P. Lincoln of Iowa, is now visiting the family. Mr. Moss is well known locally.

Just Half in Bed

Clude K. Mrs. I. A. Decker writes from Clude: "I recommend Cardui, the woman's tonic to any woman in need of a remedy. For five years, I was unable to do my own work. Half my time was spent in bed. At last I tried Cardui. Now I am well and happy and can do my own work. Don't suffer pain, headache, backache, and other womanly miseries when your own druggist has on his shelf a remedy for such troubles—Cardui. Get a bottle for your self. As a general tonic for weak women with no head been found for 50 years that would take its place. Try it. It will help you." Adv.

FAIR AT CALHAN A COMPLETE SUCCESS

More Than 2,000 Attend Show Yesterday; Springs Sends 300 Visitors

Nearly 2,000 people attended the El Paso county fair at Calhan yesterday and of this number more than 1,000 were from Colorado Springs. The special train over the Rock Island to this city at 4 o'clock yesterday morning as scheduled leaving about 100 people. The rest of the local crowd went in automobiles, of which there was a string of about 30. Never before has Colorado Springs sent such a large representative gathering to a fair and from reports brought in by those returning on the special last night the fair is the best ever held in the county.

The agricultural exhibit received special mention and this was no doubt due to the good crops that were harvested over the county this fall. Much credit is due those in charge of the exhibits and grounds. The fair is a great success and has awakened new interest on the part of the business men of the city in agricultural affairs. In addition to the large delegation from here, there were good crowds from many towns of the county, including Peyton, Ramah, Eastonville, Elizabeth, Falcon, Simla and Matteson.

The sport program of the day developed some good talent, and the contests were exciting. The chief address of the day was made by Prof. P. K. Blinn of Fort Collins, on "Alfalfa."

Today will close the fair for this year, and the following program will be carried out:

10:30 a. m.—Ball game.
11:00 a. m.—Address on "Dairying."
11:30 a. m.—Address on "Poultry Raising."
12:00 m.—Noon.
1:00 p. m.—One-half mile running race for boys, on ponies 22 inches high or under. Purse, \$15.
1:30 p. m.—Three-minute harness race. Pace or trot, 3 years of age or under. One-half mile. Purse, \$50.
2:00 p. m.—Free-for-all harness race. Pace or trot. Purse, \$150.
4:00 p. m.—Free-for-all running race. One mile. Purse, \$100.
4:30 p. m.—Relay race: Five hours to the string. Purse, \$50.

GET YOUR TELESCOPE; EGGS STILL GOING UP!

Dozen Retail Cold Weather Will Post Figures

With eggs now retelling at 45 cents a dozen, a high record for this product may be made here this winter. While the city's egg layers have been doing fairly well, the wholesale men now admit that there is not a sufficient supply of city eggs to even quote a price.

Ranch eggs from eastern Colorado and western Kansas can be purchased for 35 cents a dozen wholesale or 40 cents retail. The future market price can only be predicted after knowing what the weather will be.

Atmospheric conditions are said to be such as to leave little doubt that the winter will be cold. With cold weather, the price of eggs will be still higher.

Retail dealers declare that eggs are scarce and that accounts for the present high price. The retail man accuses the hints at an accumulation of the wholesale dealer and Mr. Wheeler passes it along and blames the farmer and the storage people, but mostly the farmer.

"About this season of the year hens stop laying," explained an experienced chicken raiser yesterday. "Even the best-bred hens take a vacation when the first cold weather arrives and no matter how carefully they are cared for there is always a falling off in the egg supply."

The molting season does not help matters. I don't think there are any fewer eggs this fall than at the same season in other years though. The increased cost of raising chickens makes or helps to make the price of eggs higher. Feed costs more and labor costs more. It is just a development of the increased cost of living."

Every one shifts from under the responsibility of the high prices. "Yes, eggs are high. They admit that much if you have to blame anyone, blame the hens. They don't mind—and they can't make excuses like the other folks involved seem always able to do."

OFFICIALS CRITICISED FOR LACK PROTECTION

DENVER, Colo., Oct. 3.—Criticism of
state and county officers generally for
alleged failure to preserve order
around strikers' camps and neighboring
railroad stations, was contained in
the formal statement issued today by
coal mine operators with headquarters
in Denver. The statement also mini-
mized report from union headquarters
that "thirty or more mine owners"
had reached an agreement with union
officials. The statement declares if
this report is conceded statistics dem-
onstrate the output of the entire in-
dustry between three one-hundredths and four
one-hundredths of the total production
of the state. It is explained that so
far as known only owners of very
small mines have signed an agreement.

south, unanimously voted to indorse
the action of the college of bishops and
the majority of the board of trustees
of Vanderbilt university in declining to
accept an offer of \$1,000,000 gift by An-
drew Carnegie for Vanderbilt univer-
sity's medical school. The resolution
expresses a regret that the terms of the
gift as set forth in Mr. Carnegie's
letter were such that it could not be
accepted with honor.

SLIGHT INCREASE IN COAL MINE FATALITIES

WASHINGTON, Oct. 3.—Fatalities in
the coal mines during the first seven
months of the year, numbered 1,437 as
compared with 1,419 in the same period
last year, according to reports to the
bureau of mines here. Pennsylvania
leads the list with 746 deaths, an in-
crease of 136 over last year. Of these
380 were in the anthracite and 366 in
the bituminous fields. West Virginia
with 101 deaths shows a decrease of
12 over the fatalities in the first seven
months of 1912. In order follow:
Ohio, 89; Illinois, 87; Alaska, 56;
Colorado, 47; Indiana, 43 and Texas,
32.

Drop Murder Charge
Against J. Willard;
Evidence Lacking

LOS ANGELES, Oct. 3.—The pro-
secution of Jess Willard and others on
charges of murder, resulting from the
fatal John Young Willard boxing bout
at Vernon, will be dropped.

Information charging them with
prize fighting was filed late today in
the superior court by W. J. Ford, as-
sistant district attorney.

Ford, who still prosecutes the case,
said that the murder charge was not
backed by sufficient evidence or legal
precedent to warrant a prosecution.
Promoters of the Vernon boxing cards
are busy preparing for another match
here on October 14.

Clabby Gets Decision
Over Sailor Petroskey

SAN FRANCISCO, Oct. 3.—Jimmy
Clabby fought rings around Sailor
Petroskey tonight and received the
only sizable decision at the end of
20 rounds. Petroskey weighed 158
pounds and Clabby 151. A count of the
rounds gives Clabby all but four and
Petroskey one. The twelfth, fourteenth
and sixteenth were even and Petros-
key had the thirteenth by a doubtful
shade.

In the eighth a raking castlike left
to Petroskey's jaw made him knees sag
and he clinched and hung on until his
head cleared. In the eighteenth he took
an unbelievable beating and reeled and
tumbled about the ring but he was
never knocked off his feet and when
he was most in distress was still dan-
gerous.

Knowing that only a knockout could
win for him, Petroskey did his best
to make a hurricane finish but Clab-
by's jarring straight lefts right upper
cuts in the clinches and raking left
hooks coming out of them soon took
the speed out of the sailor and the
round was Clabby's by a wide margin
as had been the nineteenth.

and "What You Want and What You Get Is Not Always the Same." "Doctor de Luxe" concerns itself with the adventures and surprising mixups taking place in and around the establishment run for the benefit of the sick dogs and cats of New York's exclusive set and known as Dr. De Luxe's Cat and Dog Emporium. In addition to the human actors and actresses to appear in the production there will be a wonderful display of blue-blooded, prize-winning poodle dogs on the stage during the scene which takes place at this establishment. The title role, that of a spend-

play all the New York and Chicago musical successes. To get together an organization of this kind called for not only a lavish expenditure of money, but the choosing of players who could be called on to portray many parts. At the head of the company are William Rock and Maud Fulton, and associated with them are Al Shean, Tom Waters, Will Phillips, Oscar Ragland, Franklin Farnum, Andrew Branigan, Robert Nolan, Gene Luniska, Catherine Hayes, Hazel Cox, Bessie Franklin, Cecelia Novasio, Peggy Lundeen, Kittie Doher and Mazie Kimball. WILL PHILBRICK

One of the Many Comedians in "The Candy Shop" (Coming to the Opera House, Monday and Tuesday, October 6 and 7)

thrifty young New Yorker who has gone broke, will be filled by Oscar Figman. This part is said to be one that suits Mr. Figman's bright and distinctive talents.

"THE CANDY SHOP"

The Anderson-Gale company, presenting the musical comedy review, "The Candy Shop," will carry in this city for two nights, Monday and Tuesday, October 6 and 7, at the Opera House, while it is on its way to the coast to open the new Gaiety theater in San Francisco, which Bruno Billie Anderson has constructed there at a cost of half a million dollars. The company is said to be composed of the highest salaried artists and clever comedians ever brought under one management, and the roster of the organization seems to bear out well this claim. The company plays six weeks on its way to the coast where it will form a musical stock organization and after the run of "The Candy Shop"

the youngest and cleverest girls to be found in New York in the chorus as well as twenty men of more than ordinary singing and dancing ability and a magnificent orchestra of soloists. The "Candy Shop" is a new offering from the Anderson-Gale company, which has written a new book and John L. Golden and Russell Tarbox have written new music and numbers. The first act in a candy shop will be a sensation which will only be overtopped by the cabaret scene in the last act, while in between will be scenes on Coney Island and at the Panama Canal.
